Subject : Seven Corners Task Force

Liz: I met with John Thillmann to review the Seven Corners Task Force efforts for this summer, and the bus trip and charette plans. John and I agree that the new "non task force" participants for the charette will need to get up to speed on the issues that the Task Force members have been discussing for the past several months. It would be like a "prerequisite" course in college, and give them the appropriate background to actively participate in the charette. I've asked John to get in touch with you to work out a brief series of meetings and presentations for this group in June or early July. It may put the charette to a later date in the summer, but I think the extra time spent will be worthwhile.

Penny
