Subject: Re: presentation to FC City Council

Thanks Penny,
I'll make the request of Tom. I'll also tell the staff as you and I discussed today that for the presentation you will lead off then I'll do a quick overview of the process and the proposed land use and go to Tom who I will talk transportation and is likely to be the focus of most questions.
Best,
John

John: Thanks for walking me through the latest adjustments in the Seven Corners Task Force discussions. The maps were very helpful.

I've been thinking more about your proposed presentation to the Falls Church City Council, and I believe it would be useful, and appropriate, to ask Tom Biesiadny, FCDOT director, to participate in the presentation. Tom certainly understands our challenge, and was very helpful in identifying funding for the initial study. While other FCDOT staff may attend, I think it is important to have Tom present as the expert. I could also attend, and start off the presentation with a brief overview and a thank you for inviting us to present, and then I could turn it over to the "experts."

Please let me know what you think, and how I can be helpful.

Penny
