Subject: Re: Question

Joanne/Aaron:

I could add a second date in August for public comment prior to our final meeting on September 9. August 12th is our scheduled meeting and depending on how far along we are to finalizing our work we could either hold comment on the 12th or add August the 26th subject to Aaron getting the room for us. This would also fit in our every 3d meeting public comment period schedule.

Aaron, could you check to see if the room is available please.

JT

Bernie, I don't know the answer to that question?

John,
Do you have thoughts on additional opportunities for public comment after the June 23rd date? Of course the public can comment at the Mason District Land Use, the PC and the BOS but what other opportunities will the Task Force offer?

Sure. Also, could you add in dates for the next public comment sessions? One particular audience member was paranoid that there will be no longer any more opportunities.

Subject: Question

The community is asking for your presentation from Tuesday. Can I upload the one in the Comp Plan Text folder on the x:drive?
