John, I counted 94 people at the meeting. It got quite strong definite opinions about the Sears development. Can you get a specific timeline for their plan for development. There were some long time folks that live in the area. Remember, this is Penny Gross district! She doesn't want to stir them up too much.

Hi Aaron I stopped counting at 90. Ellie the blogger counted 150 but I don't know the true number.

Good Morning All,

Please see Monday's Seven Corners Task Force sign in sheet. I believe that based upon the number of chairs in the room, and the standing room available at

the meeting that many attendees are not accounted for on this sheet.

Aaron
