Dear John: Just got a call from Beth Thomas, Manager of the Oakwood Cemetery. She is now getting phone calls from people who have loved ones buried in the cemetery about the Sears redevelopment site. She would like to understand what is going on so she can talk to these people. Some are hysterical, others not. I told her I would email you and ask that you contact her. Her direct phone number is 703-863-8151 and her email is bmt629@comcast.net. Thank you. I am sorry to hear you had a family emergency, and hope all is calmer. Linda
