Route 7 Study Update – August 15, 2013

Thanks to all those who attended our first public meeting on July 25. The study team received a lot of invaluable feedback and perspectives on what residents want to see in the Route 7 corridor.

We heard concerns about predictable travel times, pedestrian access, bike amenities, and transit that supports the mixed-use development slated for the corridor. The presentation [boards](#) and [slides](#) from the meeting can be downloaded from our [project site](#).

mark your calendars and plan to join us for our second public meeting:
