Everyone:

Ops in the revised Seven Corners TF Work Plan I had forgotten to add the street scapes in the Jan meeting so I just added it. Other comments are welcome.

All,

My notes have the TF looking at proposed streetscape and street character of key streets in January. Also, since we are targeting to submit trans. analysis to VDOT in March, I think we should qualify the March agenda to say "Staff present draft Land Use plan language", but I would like DPZ to weigh in on this timing.

Thanks, Liz

Ok, I'll make the switch, any other comments?

That's correct. We are aiming for February. If we some information available we can share it but our goal is February.

I'm reviewing my notes and trying to recall...I thought we decide that January 2014 was too soon for the results to be available from November's Transportation Charrette and that DOT would provide a recap in February instead.
