Elizabeth & Joanne:

I just wanted to let you both know what a great job you did last night. We have passed a significant milestone in that the Task Force has as of last night reached basic agreement on the overall design, height & bulk, square footages and FAR for the 7 Corners plan. There is still a lot of additional effort that has to go into the Plan including tweaking the FAR and more especially with transportation recommendations, but to achieve an "unanimous" consensus (with all but one of the TF Members in attendance) on proceeding with "Option B" was a tremendous achievement and you both deserve a lot of credit. Joanne, your exhibit material last evening was fabulous.

Best,
John
