They are all being drafted by the staff and have to do with cost of improvements, timing of improvements, working with Falls Church to coordinate improvements, developing funding sources and the like.

Subject: question re Seven Corners Re-development
Hello Penny,

I just read Ellie Ashford's blog article about the Seven Corners Task Force, dated 9/23/14. I have a question; the article states:

"Gross expects the Board of Supervisors will consider several motions – eight are being drafted – that address various implementation issues, such as the Route 7 transit study, plans for a new street grid, and coordination with the City of Falls Church."

Can you clarify what these 8 implementation motions are and where they're coming from (who is authoring them and what are the resources)?

Thank you!

Debbie Ratliff
