Penny Just a couple of thoughts:

I'd mention that the Land Use and Design Charrette in June really worked. It got everyone on the same page and was the basis of the October "draft Land Use & Design Plan"-- which developed a general layout, proposed uses, indicated the number of dwelling units, showed commercial FAR, and identified the bulk and heights of buildings. Next in November is the Transportation Charrette and we are hoping for another creative session.

Happy travels.

Best,
JT

I presume that Aaron is preparing something, but I can probably wing it anyway.
If there is one thing special you want me to say, please let me know. Getting on a plane so will be unavailable for a few hours.

Hi Penny:
I'm just checking to verify that someone, Aaron or Barbara/Liz/Joanne has or is putting together some talking points for you for the BCRC Breakfast on Thursday.
Or do you need any assistance to have it done--I'd be happy to help.
Best,
John
