Thanks, John. Would it be helpful for you to come in at 9, before the meeting?

Penny

Hi Penny:

I met with Jon Cox and Jeff Platenberg yesterday after their meeting with the FCDOT on roadway needs. At the earlier meeting with FCDOT a number of options were discussed and it looks like there is a solution that everyone can live with--this is great news. So the meeting with you next wed should go well if we stay focused on land use and I think that you can lock in a land use solution that works for everyone.

But we still need to work out the financial's (participation by Schools, County, Developers) and I think that the wed meeting should stay away from this until the land use/roadway design is agreed to. In addition, I'd like to spend a few minutes with you on ideas either before the wed meeting or after on the issue of financial's for the land use scenario that Jeff, Jon, Scott and I discussed yesterday.

Hope you have a good holiday Monday.

Best,  
John
