Hi Penny:

If you want my two cents worth, since you replaced Paul Brytus with Steve Tillman it seems like a similar situation here--only difference is that we have gone pretty far to a land use resolution at this point, but have yet to finalize a set of transportation solutions. Your call from my perspective, and I'll happily support you either way.

Best,  
John

Dear Jim: Thank you for your email with the distressing news of your pending heart surgery. I certainly hope everything goes well, and that you will be up and about by the time spring arrives (none too soon this year, I'm afraid!). We will miss your participation on the Seven Corners Task Force, and I appreciate your suggestion that Dick Knapp take your place. I will discuss that recommendation with John Thillmann and staff to look at next steps.

Do take care, and get well. Please have Don or someone let me know how you are doing post-surgery. My husband had a triple bypass more than 13 years ago. While the recovery was a little icky (some pretty big incisions to heal), it definitely made a big difference in both lifespan and quality of that life.

Best wishes,  
Penny

Mrs. Penny Gross:

Penny, I am getting ready to have open heart surgery and request of you and the task force co-chairpersons

if I could not be replaced by Dick Knapp of the Foulger- Pratt company. They as you know are a major development company and are a major partner of the Mcilvaine's in the Sears project. I could be out as

long as 4 months from March 5. I understand they are already working with you and

Re seven corners task force note from John T  
the staff on a bailey  
cross roads project. Thank you for your consideration. He can be contacted @  
dknapp@foulgerpratt.com.
